INTRODUCTION

FP Canada™ oversees the award of FPSC Level 1® Certification in Financial Planning throughout Canada.

While a CFP® professional has demonstrated the depth of knowledge, skills and abilities to provide financial plans that address client situations regardless of complexity, an FPSC Level 1 Certificant in Financial Planning is equipped to provide financial planning strategies and solutions for clients who have less complex financial planning needs. While many choose to remain FPSC Level 1 certificants, attainment of FPSC Level 1 certification is also confirmation of readiness to move forward on the path to CFP certification.

FP Canada ensures that the FPSC Level 1 certification trademarks are protected and used properly throughout Canada and that any person using the FPSC Level 1 certification trademarks has met appropriate certification requirements.

Please familiarize yourself with this guide before using the FPSC Level 1 trademarks.

FPSC Level 1® Marks

In accordance with these guidelines, FPSC Level 1 Certificants in Financial Planning are authorized to use the following trademarks:

HOW TO USE THE ® SYMBOL

Inserting the ® Symbol

Access the ® symbol by holding down the “Alt” button on your keyboard while typing “0174” on the numerical keypad at the right of your keyboard.

In some programs you can also type “Open Bracket” “R” (in upper case) “Close Bracket”.

The ® symbol will not automatically appear in superscript in all fonts, so you may need to superscript it manually.

Superscript in Different Fonts

Some fonts, including Calibri, Constantia, Lucida Sans and Consolas, automatically superscript the symbol on insertion. In these cases you don’t need to use the manual superscript:

correct use

- FPSC Level 1® Certificant in Financial Planning—as automatically inserted in Calibri

incorrect use

- FPSC Level 1® Certificant in Financial Planning—with additional superscript in Calibri (too small and too high)

In other fonts, including Times New Roman, Arial, Courier New, Franklin Gothic, Tahoma, Helvetica and Arial, the symbol is a full-size character. In these cases, you need to manually superscript the symbol:

correct use

- FPSC Level 1® Certificant in Financial Planning—with additional superscript in Arial

incorrect use

- FPSC Level 1® Certificant in Financial Planning—without additional superscript in Arial (too large and too low)

RULES FOR USING THE FPSC LEVEL 1[®] MARKS

Rule #1: Use the [®] Symbol

Proper use of a mark and its symbol is important to preserve the distinctiveness of a brand and to prevent the loss of trademark rights. The first reference to FPSC Level 1[®] in a document should contain the [®] symbol. After that, you do not have to use the [®] symbol, but you may choose to do so. Always use the proper symbol as indicated in this document, in superscript, at the upper right of the mark:

correct use:

- FPSC Level 1[®] Certificant in Financial Planning

incorrect use:

- FPSC Level 1 Certificant in Financial Planning[®]
- FPSC Level 1 Certificant in Financial Planning

Rule #2: Capitalize Words in the Trademark

correct use:

- FPSC Level 1[®]

incorrect use:

- Fpsc Level 1[®]
- FPSC level 1[®]

Rule #3: Use the Number “1”, Not the Word “One”

correct use:

- FPSC Level 1[®] Certificant in Financial Planning

incorrect use:

- FPSC Level One[®] Certificant in Financial Planning

Rule #4: Always Use the Marks as Adjectives

Trademarks must never be used as nouns, but rather must always be used as an adjective modifying a noun. The Marks should only modify nouns that refer to individuals, the certification program, or the marks themselves. In the case of the FPSC Level 1® mark, it must always be followed by “certificant”, “certification” or “examination”.

We require that the first time you use the FPSC Level 1® mark, you add “in financial planning” after the chosen noun to indicate to the public what your certification refers to. After this initial use, you can simply use certification, certificant, or examination, depending on the context.

correct use:

- I am an FPSC Level 1® Certificant in Financial Planning.
- I have obtained the FPSC Level 1® Certification in Financial Planning.
- I achieved top marks in the FPSC Level 1® Examination in Financial Planning.

incorrect use:

- I am an FPSC Level 1®.
- After I pass the FPSC Level 1, I plan to go on to the CFP® examination.

Rule #5: Use a Registered Trademark Notice

To better protect the FPSC Level 1® marks in light of Canadian trademark legislation, always use the following certification mark notice in materials that reference the FPSC Level 1 marks:

- FPSC Level 1® and  are certification marks of FP Canada. Used under license.

Where possible, this notice should be placed at the bottom of the page on which the corresponding mark (i.e. FPSC Level 1® or ) is referenced or, in the case of a multi-page document, at the bottom of the last page of the document.

In some instances, you may refer to FPSC Level 1® marks in the same document as trademarks owned by other entities. Please use the appropriate notification for FP Canada’s trademarks, as outlined here:

- FPSC Level 1® is a registered certification mark of FP Canada. Used under license.
-  is a certification mark of FP Canada. Used under license.
- FPSC Level 1 and the  logo are certification marks of FP Canada. Used under license.

RULE #6: USE THE LOGO IN ACCORDANCE WITH THESE GUIDELINES

FPSC Level 1 certificants can sign in to their FP Canada Portal at online.fpcanada.ca to access the marks from the “Marks Use Guide” in the Quick Links menu.

FPSC Level 1 certificants may use the  logo in accordance with the guidelines below, when referring to their achievement of this certification and the services they offer.

The quality of logo cannot be altered in any manner. All reproductions must be made from original artwork, be readable, legible and on approved backgrounds, and have consistent use of colour.

Original Artwork

All reproductions of the logo must be made from original artwork provided by FP Canada. To obtain positive and reverse reproduction images from FP Canada, please contact our team at info@fpcanada.ca. Under no circumstances may the mark be altered, modified, hand drawn, typeset, reproduced or electronically scanned in poor quality as to distort or alter its appearance.

correct use:

incorrect use:

- Do not separate the graphic elements.
- Do not remove elements.
- Do not add elements.
- Do not re-proportion the elements.
- Do not reproduce the mark in unapproved colors.
- Do not reproduce the mark on complex backgrounds.

Readability

To maintain readability of the trademark symbol, the following two graphic relationships between the mark and the trademark symbol have been developed.

Relationship A

This size relationship is to be used when logo is greater than 7mm wide (logo shown is 25mm).

Relationship B

This size relationship is to be used when logo is used within text paragraphs and should be no smaller than 7mm wide.

Legibility

The impact and legibility of the printed logo will be diminished if it is crowded with other visual elements. A clear zone surrounding the mark has been established as an area into which no other graphic imagery or other visual elements may enter. As shown below, this space is determined by the cap height of “FPSC,” the typographic element of the logo. The only exception to this rule is when the mark is used within text.

Minimum 7mm

To ensure optimum legibility of the logo, a minimum reproduction size of 7 mm is recommended. If reduced to a smaller size, the overall legibility and visual impact of the mark may be compromised. If reproduction quality of the logo mark cannot be guaranteed when reproduced at 7 mm, a larger size may be necessary.

Approved Backgrounds

The positive mark should be used on light colored backgrounds ranging from white to values no darker than 30% of black. The logo should be reversed if used on dark backgrounds from 30% to 100% value of black.

Color Options

Consistent use of color in the mark is important to establish immediate recognition of individuals certified by FPSC. The required two-color option for the mark uses PANTONE® 166 Orange for the “FPSC” element and PANTONE® Cool Grey 11C for the “C” shape and the ® symbol.

The Logo Must Be Clearly Associated with the Individual Certified by FPSC

correct use:

-  Simon Lim, FPSC Level 1® Certificant in Financial Planning

incorrect use:

-  Simon Lim Financial Services Corp.

RULE #7: USING THE FPSC LEVEL 1® MARKS IN ELECTRONIC MEDIA

Websites

Use the FPSC Level 1 marks as described in this guide.

In the content of each individual website page, only the first use of each mark needs the registered trademark superscript symbol.

The FPSC Level 1 marks should appear only once in the meta-text of the code within each website page belonging to an individual currently certified by FPSC.

correct use:

<META name “keywords” content = “FPSC Level 1 Certificant”>

incorrect use:

<META name “keywords” content = “FPSC Level 1 Certificant, FPSC Level 1 Certificant, FPSC Level 1 Certificant”>

The FPSC Level 1 marks may be used as website hyperlinks only if they link directly to the FP Canada website (fpcanada.ca).

Domain Names

The FPSC Level 1 marks may not be used as part of a domain name. They may appear as text or images throughout the website.

correct use:

- www.simonlimfinancialplanning.com

incorrect use:

- www.simonlimfpsclevel1certificant.com

Email Addresses

The FPSC Level 1 marks may not be used as part of an email address.
